Q: My brother is in the hospital and due to the Coronavirus no visitors are allowed including family and his Waiver support staff which he desperately needs. Are there any allowances made for people with disabilities who need support?

A: In June the **Office for Civil Rights (OCR) announced a resolution against #COVID19 no-visitor hospital policy**. Strict no-visitor hospital policies prevent people with disabilities from receiving support from family members or staff necessary for them to receive equal access to medical treatment. The resolution makes clear that federal law requires hospitals and the state agencies overseeing them to modify policies to ensure patients with disabilities can safely access the in-person supports needed to benefit from medical care during the COVID-19 pandemic. This is a great step forward. However, Virginia Medicaid does not pay for Waiver staff to support individuals in the hospital.

Q: My adult daughter received a stimulus payment. Because we claim him on our taxes he should not have received this. How do I return it to the IRS.

A: **To return the stimulus payment to the IRS**, go to this [website](#) that has instructions on how to return the payment according to the way it was received - direct deposit, paper check etc.

Medicaid Health Insurance

Q: What are the changes for Medicaid Health Insurance?

A: Prescriptions and Supplies - most may be filled for up to a 90 day supply.

Refills - “too soon” edits are not required for all drugs prescribed for 34 days or less.

Co-payments - no drug copayments.

Medicaid Eligibility Protection - No one will lose Medicaid during the Emergency.

Note: patient pay is still required.

Q: Does Medicaid require Face-to-Face(in-person) delivery of services?

A: All face-to-face requirements including assessments, reassessments and service delivery are waived with the exception of situations where there is concern about the person’s health, safety and welfare. Face-to-face meetings are replaced with telephone calls or other telephonic means during the Emergency.

Q: Is personal protective equipment (masks, gloves etc) covered by Medicaid for Medicaid Members, waiver users and service providers?

A: No, personal protective equipment is not covered by Medicaid.

Behavioral/Mental Health Crisis Services

Q: My family member with a developmental disability is having more behavioral and mental health challenges and it is nearing a crisis point. Who should I contact?

A: If you have a Case Manager or Care Coordinator contact them now for resources. The [REACH](#) Program serves children and adults with developmental disabilities with behavioral and/or mental health challenges and at this time [REACH](#) will determine if they can respond as to whether they can respond in person or via telehealth.

Stimulus Check/ Rebate Check/Economic Impact Payment

(all names for the same thing)

Q: Who is eligible for the Stimulus money?

A: The payments are available to many people, even people who do not make enough money to file taxes usually.

People who are not eligible are: those who are undocumented, lack Social Security numbers, file with an Individual Taxpayer Identification Number, or adults who were claimed as dependents.

Stimulus payments to many people on Social Security and SSI will be automatically sent from the IRS.*

***NOTE:** If you became eligible for Social Security or Social Security Income since January 1, 2020, and did not file a tax return for 2018 or 2019, you will need to go to the IRS’s Non-Filers website to enter your information to receive your Stimulus money. [Free File: File Your Taxes Online for Free.](#)

Q: Will the Stimulus money make me lose my benefits?

A: The Stimulus money does NOT affect your Social Security, SSI, SNAP or Medicaid benefits. The Stimulus money must be spent within one year of receiving the money or it will count as a resource and may affect your eligibility for Medicaid and SSI.

Q: How much Stimulus money do people get ?

A: The amount for one adult is \$1,200 for those with incomes at or below \$75,000. For married couples who filed jointly the amount is \$2,400 if their adjusted gross income is below \$150,000. There is a \$500 supplemental payment per child. Payments are phased out above those amounts.

Q: I have a representative payee for my SSI/Social Security benefits. How can I spend my Stimulus money? What do I need to know?

A: Your Stimulus money may be sent to the account that your representative payee manages or your representative payee will receive a check or a prepaid debit card in the mail. The payment belongs to you, not your representative payee.

- Your representative payee should discuss your payment with you. If you want to use the payment without your rep. payee's involvement then your rep payee should give you the stimulus payment.
- If you want help deciding how to spend it or save (ABLE account) the payment you can ask your rep. payee or someone else you trust to help you.
- The payment must be used within a year from when you receive it so that it will not affect your eligibility for benefits.
- Take your time to decide how you want to spend your stimulus money. You may use it for something you dream about doing, pay bills, get dental treatment or you may even save it in an [ABLE](#) account.
- Be very careful about scams.
- Stimulus money is NOT a Social Security and it is not a SSI benefit.

*A Note for representative payees - Representative payees are not required to account for the Stimulus on the annual Representative Payee Report because the Stimulus is not a Social Security payment and it is not an SSI payment.

Q: Are parents of minor aged children and spouses of people using waivers allowed to be paid personal care attendants during the Emergency?

A: Yes. Virginia was approved to pay parents of minor children (under age 18) and spouses of people using waivers for personal care/personal assistance services only.
